## Summary

The Face Behind Vaani Techlabs Private Limited.

Apart from being an entrepreneur, my journey remains extensive for my love - of technology. Being a start-up strategist, my passion lies in helping budding entrepreneurs to scale up their businesses. Presently, I have an experience of 10 years in web and app development. However, my prime focus remains to be the most successful job creator of all time.

I, started my life from scratch, just like many others wishing to be different from them all. In a short span, I have been able to create the success pillar of Vaani Techlabs Private Limited – the ultimate solution for web and app development-related services. Today, after acquiring knowledge and years of expertise, I aim to provide the best of services in the field of web and app development.

Apart from spending time reading technical blogs or articles, I love to explore life. Being a cat-lover, I prefer to spend most of my free time with fur babies too!

## Experience

### Co-Founder

#### BeyondBrainAI

Jul 2023 - Present (1 month)

### Senior Web Developer

#### Welbee

Jun 2023 - Present (2 months)

At Welbee, we strongly believe that the way to deliver the best outcomes for pupils and students is to put staff first. Happy teachers and support staff create happy classrooms.

When your staff are energetic and driven, they share this motivation with children. When teachers have resilience and confidence, they help students believe in themselves.

Your staff are your best and most expensive asset, and there is strong evidence that improving staff wellbeing increases school results, including exam performance.

We help school leaders to transform their workplace culture, so their staff always feel heard, valued, and supported. We share insights, expert knowledge, and processes for world-class leadership, to keep teachers in the classroom. and all staff in school. We make wellbeing simply part of what happens every day.
